Login Details for Bromcom VLE to Access Examination Timetables and Results

Students should all have their login details for Bromcom Student Portal. If you are a first-time user with an Invitation Code, please go to **section B** (page 3), otherwise continue to **section A** (page 2).

If you cannot remember your username (which should be the same as your school one) or password but have previously set up your account details, please go to www.bromcomvle.com and use the Forgotten Login Details link.

If you did not previously set up your account details or if the Forgotten Login Details link does not work, then you will need to email: bromcomvle@hasmonean.co.uk for a new Invitation Code and then follow the instructions in section B.

If you are going abroad, please check that you can log-in on your ipad or phone before you leave.

SECTION C – What happens once you have logged in

There will be an Exams Widget to the right of the dashboard page where you will see your exams results (black circle).

Please note that if you log-on before results day and can see results, *these will be previous exam results. Your results will not be available before results day!* You can see further details of these results, if available, by either clicking on More or by selecting the Exam Results on the left (orange boxes).

If you select More or Exam Results, you will see a page like the one below. You may need to click twice on the Seasons heading to get the latest exam results at the top

You will also find on the dashboard widgets (or on the side menu) the options to see either your exam timetable (probably not there for 2020) or your previous exam results (if you have any). You will also be able to see your school timetable and some details of your behaviour and attendance record. **On results day you will find that your results for this summer's examinations will have been loaded for you to see; this is how you will receive your results.**
